DEFENSE MOBILIZATION ORDER I-19

PROPOSED : Federal Building, [redacted]

PROJECT NO. : [redacted]

STAT

Pursuant to the provisions of Defense Mobilization Order I-19, I have considered the economic, operational, and administrative requirements for carrying out the functions of the Central Intelligence Agency, of which I am the responsible head, which are intended to be performed in the proposed building and the importance of these functions to national security and I have determined that these functions are of a nature such as will not permit the use thereof at a changed location.

MEMORANDUM FOR: THE DIRECTOR

In planning for the construction of a proposed new Federal Building in [redacted] designated as a critical target area, the Commissioner of Public Buildings requested information as to whether or not the functions of our Agency there could be carried out at a dispersed location. The attached certification states that the nature of our Agency's functions will not permit the use of a dispersed location.
